## CAREER OBJECTIVE

---

B.Tech Information Technology student with hands-on MERN stack experience, including building a full-scale e-commerce application (Urban Wear). Seeking a Full Stack Development internship to apply and grow React, Node.js, and Express.js skills in a production environment.

## EXPERIENCE

---

**Emglitz Technologies — Web Development Intern** | 25 Jun 2025 – 25 Jul 2025

- Developed a responsive portfolio website using HTML, CSS, and JavaScript.
- Created clean, user-friendly web interfaces following modern web standards.
- Strengthened front-end development and responsive design skills.

## TECHNICAL SKILLS

---

**Languages:** HTML, CSS, JavaScript, Java, Python, C++

**Frontend:** React, Bootstrap

**Backend:** Node.js, Express.js

**Database:** MongoDB

**Tools:** Git, GitHub, VS Code, Postman

## PROJECTS

---

**Urban Wear — MERN E-Commerce Platform** | React, Node.js, Express.js, MongoDB, JWT, CSS Modules

- Built a full-stack men's fashion e-commerce site with user authentication, product listings, and a shopping cart.
- Implemented JWT-based login/signup with protected routes on the frontend and backend.
- Connected a React frontend to a Node.js/Express backend using REST APIs, with product browsing, search, category filters, and cart functionality.
- Organized the project using reusable React components (Navbar, ProductCard, CategoryFilter, Loader, etc.) and a clean backend folder structure.

GitHub: [github.com/SURYANARAYANA-01/UrbanWear](https://github.com/SURYANARAYANA-01/UrbanWear)

**EasyCode Dev — VS Code Extension** | TypeScript, VS Code Extension API

- Published a Visual Studio Code extension that generates beginner-friendly C++, Java, and Python programs via commands, with 400+ programming templates.
